The State Agency on Intellectual Property (AGEPI) organizes a training seminar entitled “Extending the Role of Intellectual Property as an Integral Part of the Economic Activity of SMEs” on Thursday, December 14, at the headquarters of the Business Incubator in Soroca.

To the seminar were invited the SMEs active as residents of the Business Incubator in Soroca, as well as other enterprises interested in the subject.

Thus, during the event the AGEPI specialists will inform economic agents on the role of intellectual property both for the economic, social and cultural development of the country and the enhancement of enterprises’ competitiveness on the internal and external market.

At the end of the seminar, the AGEPI specialists will make several visits to the SMEs residing in Soroca Business Incubator, to carry out support actions and provide consultations in the field of intellectual property.

The seminar was organized with the support of the project “Value Intellectual Property for SMEs - VIP4SME”, to which AGEPI is an associate partner. The VIP4SME project is funded through the European Union’s Research and Innovation Program HORIZON 2020, and aims at developing business support services in the field of intellectual property for SMEs.
