11/11/2021 Events

The State Agency on Intellectual Property (AGEPI) organizes on 17 November the International Conference entitled “Artificial Intelligence, Innovation and Intellectual Property”. The event is organized with the support of the DTP Project “Fostering Innovations in the Danube Region through Knowledge Engineering and IPR Management - KnowING IPR”, in cooperation with the World Intellectual Property Organization (WIPO), the European Patent Office (EPO) and the European Union Intellectual Property Office (EUIPO). Given the epidemiological situation generated by the coronavirus pandemic (COVID-19), the event will take place in online format.

The Innovation Conference is part of the program of related events held within the framework of the International Specialized Exhibition “INFOINVENT-2021”, which will take place online from 17 to 20 November 2021.

In its fifth edition, the Conference will focus on the artificial intelligence (AI) role and impact on the innovation process and the intellectual property (IP) system. International experts from WIPO, EPO, EUIPO, etc., will address the latest trends in the field, presenting the potential of AI to improve IP services and increase the quality of intellectual property data.

The event will bring together international and local experts and practitioners, including specialists from national intellectual property offices, representatives of institutions and organizations working in the field of research, innovation and higher education, residents of scientific-technological parks and innovative incubators, experts in the field of intellectual property, as well as representatives of the business environment.

The working languages of the conference are English and Romanian, with simultaneous translation in both languages.

The event is open to all interested persons. Those wishing to attend the event are invited to register at the following address: https://forms.gle/ST7u9jZduKUxR1SJ7 [1]. The access details will be sent to the address indicated in the registration form after completing it.

More details regarding the International Conference “Artificial Intelligence, Innovation and Intellectual Property”, as well as other events organized within the ISE “INFOINVENT-2021”, are available on the website of the exhibition http://infoinvent.md/assets/files/program/program_Infoinvent-2021.pdf [2].
