03/28/2022 Events

The World Intellectual Property Organization (WIPO) invites interested persons to take part in a Survey on Youth and Intellectual Property. The survey seeks to gain a better understanding of young people's relationship with intellectual property (IP), innovation and creativity.

The survey is launched within the context of the 2022 World Intellectual Property Day campaign. It is open until March 31 this year. It may be completed by people of all ages and will take approximately 5 minutes. The responses are completely anonymous. The survey is available in 8 languages. The responses will inform and support the development of WIPO's youth engagement activities.

World Intellectual Property Day is marked annually on April 26. Intellectual property and Youth - Innovating for a Better Future is the motto of this 2022 event. Across the globe, young people are stepping up to innovation challenges, using their energy and ingenuity, their curiosity and creativity. World Intellectual Property Day is an opportunity for young people to find out how intellectual property rights can support their goals, help transform their ideas into reality, generate income, create jobs and make a positive impact on the world around them.

We invite you to join us in celebrating the ingenuity, creativity, vision and courage of the world's young creators, inventors and entrepreneurs to build a better future.

The survey can be found at the following address: https://surveys.wipo.int/s3/World-IP-Day-2022-Youth-Survey [1].
