

05/27/2022 Events

The 14th edition of the European Exhibition of Innovation and Creativity EUROINVENT-2022, in Iasi, Romania, will take place from 26 to 28 May, in hybrid format.

EUROINVENT is organized by the Romanian Inventors Forum, together with the Gheorghe Asachi Technical University of Iasi, Europe Direct Iasi, Al. I. Cuza University of Iasi, in partnership with the Research Institute for Environmental Protection, Moldova National Museum Complex, the George Enescu University of Arts in Iasi, with the support of the Grigore T. Popa University of Medicine and Pharmacy and others.

The State Agency on Intellectual Property participates in the exhibition with promotional and informational materials on the activity of the agency and on the International Specialized Exhibition INFOINVENT-2023.

The opening ceremony was attended by inventors, researchers, students and doctoral students from over 30 countries.

The exhibition program includes the Inventions and Research Exhibition, ICIR EUROINVENT Conference - dedicated to Materials Science and Engineering, the Technical-Scientific, Artistic and Literary Book Salon and the Visual Arts Exhibition.
