07/29/2022 Events

The 2nd edition of the Africa Invention & Innovation Expo will take place from September 27 to 30, 2022, in online format. The event is organized by the Organization for the Promotion of Creativity, Innovation and Invention (OCIIP), with the support of the International Federation of Inventors' Associations (IFIA) and the World Invention and Intellectual Property Associations (WIIPA).

The International Expo in Africa aims to create a platform to promote creativity and innovation where inventors, researchers, investors and representatives of the business environment will meet.

At the previous edition of the International Expo, 134 inventions from 52 countries from all continents were presented: North, Central and South America, Asia, Europe, Africa and the Middle East.

The program of the current edition includes the exhibition itself, presentations by specialists in the field, workshops in the field of innovation and the awards ceremony.

The deadline for registration is September 16, 2022, and those registered until August 26, 2022, will benefit from a 15% discount on the participation fee.

To find out more information about the Africa International Expo, as well as the conditions for participation, please access www.aiiexpo.org [1]

The State Agency on Intellectual Property (AGEPI) encourages inventors and researchers from the Republic of Moldova to participate in international specialized exhibitions and to use this tool to promote their innovative projects with maximum efficiency.
