10/16/2023 Events

The State Agency on Intellectual Property (AGEPI) announces the extension of the deadline for receiving applications for participation in the International Specialized Exhibition (ISE) "INFOINVENT", **until October 31, 2023**. The event will take place from November 22 to 24, 2023 and will take place in online format.

The works presented at ISE "INFOINVENT" will be divided into five distinct compartments. Compartment I will focus on inventions and plant varieties as well as industrial design. Compartment II will include innovation and technology transfer projects, research projects and monographs. Compartment III will be dedicated to the creation of youth, while Compartment IV will highlight innovative products and services. Finally, Compartment V will be reserved for creative industries.

Exhibits presented at ISE "INFOINVENT" will be evaluated by a jury and prizes will be awarded for the most outstanding works. The evaluation criteria are established according to the Regulation on the Organization and Conduct of the ISE "INFOINVENT".

To find out more information about the documents and conditions of participation, as well as other relevant details, participants can access the official website of the exhibition at: http://www.infoinvent.md/ [1].

The program of events related to the ISE "INFOINVENT" will include an International Innovation Conference and other interactive events aimed at promoting the importance and value of intellectual property and innovations for the economic development of the country, as well as for increasing the competitiveness of local products and services on the internal and external markets. All events will take place in online format.

The Exhibition "INFOINVENT", which is already in its 18th edition, is organized every two years and represents an important forum of intellectual property, creativity and innovation in the Republic of Moldova. The purpose of the event is to promote the activity of research, innovation and development of new technologies, the attraction of investments in the activity of innovation and technology transfer, the development of international technical-scientific cooperation and the creation of partnerships between the academic and business sectors. The event is organized by the State Agency on Intellectual Property in partnership with the Ministry of Education and Research, the Ministry of Culture, the National Agency for Research and Development and the National Agency for Quality Assurance in Education and Research.
