04/01/2024 Events

The latest technologies, equipment and construction materials, as well as the most innovative products from the industry of energy conservation, thermal installations and air conditioning equipment were presented during the international exhibitions “Moldconstruct”, 26th edition, and “Moldenergy”, 25th edition.

The exhibitions, which gathered over 130 participants from the Republic of Moldova as well as from Romania, Ukraine, Poland, Turkey, Latvia and Italy, took place from March 28 to 31, at Moldexpo.

The Deputy Director General of the State Agency on Intellectual Property (AGEPI), Natalia Mogol, was also present at the opening ceremony. AGEPI specialists were also active during the exhibitions, offering free consultation to participants on the national intellectual property protection system, highlighting the importance of protecting and valorizing innovations in this sector. They distributed information leaflets and brochures to support a better understanding of intellectual property concepts and procedures.

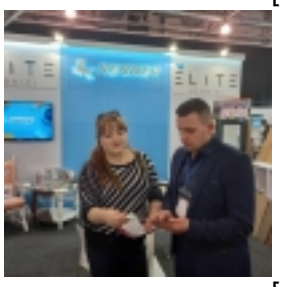

A wide range of construction materials, materials for finishing works, brick for classic masonry, ceramic tile, stoneware and earthenware were proposed at the “Moldconstruct’ exhibition. The exhibition brought together a wide range of windows, doors, systems for terraces, industrial gates, as well as automatic systems therefor. An important place in the exhibition belonged to wood, with lumber and wooden articles being proposed. Several commercial establishments brought professional paints to the exhibition, including varnishes for iron, wood, floors. A special place in the offer of the exhibition was occupied by tools, tools, instruments and equipment for construction.

The “Moldenergy” exhibition was a key event in the field of efficient valorization of energy resources, renewable sources of solar, wind, biogas energy, the application of energy conservation technologies, the use of thermal, air conditioning, ventilation, lighting, refrigeration systems.

The business program area included Discussion Panels, seminars and program presentations.
