The State Agency on Intellectual Property (AGEPI) announces the organization of the 7th edition of the International Innovation Conference, under the title “Youth, Technology and Intellectual Property: Innovating Tomorrow’s Future Today”, which will take place on December 3, 2025, within the International Specialized Exhibition INFOINVENT-2025 [1], at IEC Moldexpo, Chisinau.

The event is organized by AGEPI in cooperation with the Ministry of Education and Research, the World Intellectual Property Organization, the European Patent Office and the European Union Intellectual Property Office, within the project funded by the European Union “Strengthening Intellectual Property Rights in Moldova and Ukraine” (EU4IP).

The conference will bring together innovators, entrepreneurs, creators, students, researchers, decision-makers and representatives of the academic and business environment, providing a platform for dialogue and exchange of experience on the role of intellectual property (IP) in stimulating creativity, innovation and sustainable development.

The conference program includes inspirational presentations, interactive discussions and examples of good practices on:

- intellectual property as an accelerator of innovation and entrepreneurship;
- supporting startups and creative initiatives;
- education in the field of IP and integrating innovation into youth training;
- international programs and opportunities for innovators.
