05/29/2026 Events

The State Agency on Intellectual Property (AGEPI) participates in the 18th edition of the European Exhibition of Creativity and Innovation “EUROINVENT”, held from 28 to 30 May 2026 at the Palace of Culture in Iași, Romania.

AGEPI specialists are present with an information stand, where they provide consultancy on the protection of intellectual property objects in the Republic of Moldova, distribute information and promotional materials and promote the national intellectual property system. At the same time, representatives of the institution present to the international scientific community the International Specialized Exhibition “INFOINVENT”, 20th edition, scheduled for November 2027, inviting researchers and innovators to participate in this landmark event.

As in previous editions, AGEPI specialists awarded mentions and distinctions to outstanding inventions presented at the Iași forum. AGEPI medals were awarded to the ROSMAR H Invention Center Association, S.P.E.E.H. HIDROELECTRICA S.A. and the “Gheorghe Asachi” Technical University of Iași, and the “Lucian Blaga” University of Sibiu.

EUROINVENT-2026 brings together researchers, inventors and representatives of the academic environment from over 45 countries, with approximately 690 innovative inventions and projects exhibited in 14 thematic areas. The event offers a modern framework for presenting scientific results, using interactive digital technologies and facilitating the exchange of experience between participants and international experts.

University and research institutions from the Republic of Moldova participate in the current edition with over 120 papers and projects from various research fields, confirming the innovative potential of our country.

The exhibition is organized by the Romanian Inventors Forum, Europe Direct Iași, the “Gheorghe Asachi” Technical University of Iași and the “Alexandru Ioan Cuza” University of Iași, under the aegis of the Ministry of Research, Innovation and Digitalization, the International Federation of Inventors’ Associations (IFIA) and the World Invention Intellectual Property Associations (WIIPA).
