The data base on the international trademarks ROMARIN is offered for the free of charge access on the site WIPO.

The data base on the international trademarks ROMARIN contains information on all the international marks valid up to nowadays and registered in the International Register in accordance with the Madrid Agreement on the International Registration of signs and Protocol to this Agreement.

In comparison with the DB Madrid Express Database [1], BD ROMARIN contains more complete information on the international marks.

Additionally, the version on DVD-ROM, BD ROMARIN is offered in the electronic version with the free of charge access on the site WIPO http://www.wipo.int/romarin [2] and is actualized weekly.
