11/29/2012 Events

On 29 November this year, the Commission for Attestation of candidates for obtaining the qualification of attorney in intellectual property within AGEPI has attested five new attorneys.

We should note that, in accordance with the provisions of paragraph 5 of the Regulations on the Activity of Attorneys in Intellectual Property, approved by Government Decision no. 541 of 18.07.201, three of the candidates have obtained the qualification of patent attorney without taking an examination in intellectual property. Or, the Regulations provides that *a person who has a practice of at least 3 years in the field of intellectual property or higher education in this field or passed courses for counselor in intellectual property can acquire the qualification of patent attorney without examination*. Other two candidates took an examination before the Commission for Attestation.

Thus, the persons concerned will be entered in the National Register of Attorneys in Intellectual Property and will get certificates. In the mentioned Register are currently entered in 115 attorneys in intellectual property.
