01/23/2014 Events

In the period of 1-4 April 2014, in Moscow, within the premises of the “Sokolniki” Exhibition Centre, will be held the seventeenth edition of the International Salon of Inventions and Innovation Technologies “Archimedes”, organized with the support of the World Intellectual Property Organization (WIPO).

The Salon Program will include:

- The Exhibition of Inventions and Innovation Technologies;
- The Conference on Legal Protection of Intellectual Activity Results;
- The International University of Inventor;
- The presentation of advanced technologies<
- The Contest “Trademark -Leader”.

The seventeenth edition is very promising for the participants in the Salon “Archimedes”, as it comes with a variety of prizes. For the developments, most interesting and far-reaching from the viewpoint of industrial application, the Commission of Experts and the International Jury will present the participants with medals, diplomas, awards and prizes, including cash, from the organizers and partners of the Salon “Archimedes”.

The highest distinction of the Salon – Grand Prix “Golden Archimedes” - is awarded annually to a group of exhibits. The best innovators will be awarded the Order “For Creation” of first and second classes, the medals “Laureate of the Salon Archimedes”.

The last year edition gathered 836 participants from 18 states, including the Republic of Moldova. The representatives of these states exhibited 233 inventions and new innovative products.
