10/15/2015 Events

Over 90 institutions in the sphere of science and innovation, higher education, private inventors and creative people from the country and abroad, announced their participation in the International Specialized Exhibition “INFOINVENT”, fourteenth edition. Participants will submit to the appreciation of visitors, but also the international jury over 300 new technical and scientific achievements, embodied in inventions, products and technologies.

The event will take place from 25 to 28 November 2015 and is organized by the State Agency on Intellectual Property of the Republic of Moldova in partnership with the Academy of Sciences of Moldova, Agency for Innovation and Technology Transfer and International Exhibition Centre (IEC) “Moldexpo” J.S.C.

International Specialized Exhibition “INFOINVENT” primarily aims to support and promote creativity and intellectual property, attraction of investments in innovation and technology transfer, realization of joint projects on the implementation of inventions, technologies and creative products in the national economy and development of international scientific and technical cooperation.

The works presented on the stands of ISE “INFOINVENT” will be exhibited in 5 compartments: inventions, plant varieties and industrial designs, innovative products/services; innovation and technology transfer projects; creation of youth; cultural and creative industries.

Traditionally, in the exhibition will be organized a program of additional technical and scientific events, including workshops and the stock of inventions.

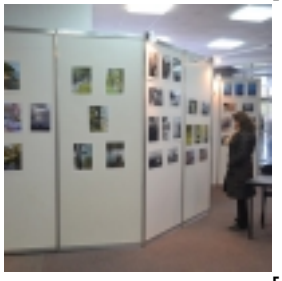

International Specialized Exhibition “INFOINVENT” represents an ideal environment for business meetings between inventors, researchers and representatives of investment sector. It is a major event for the entire scientific and innovation community of the Republic of Moldova.

The organizers invite all those interested to come, in the period 25-28 November, to the ISE “INFOINVENT” and discover the latest inventions, products and technologies in various fields of science and technology.

More detailed information about ISE “INFOINVENT” can be found on the website: www.infoinvent.md [1].
