

29.06.2021 События

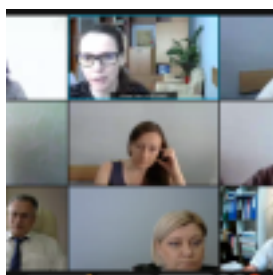

The working meeting of the Organizing Committee of the International Specialized Exhibition (ISE) “INFOINVENT” took place on June 29, this year, in online format. The technical aspects of organization and conduct, as well as the current stage of preparation of the 17th edition of ISE “INFOINVENT”, which will be held from 17 to 20 November 2021, in online format, were examined during the meeting.

The meeting was attended by members of the Organizing Committee of ISE “INFOINVENT” representatives of AGEPI, Ministry of Education, Culture and Research (MECR), Ministry of Economy and Infrastructure, Academy of Sciences of Moldova (ASM), National Agency for Research and Development (ANCD), National Agency for Quality Assurance in Education and Research (ANACEC), International Exhibition Center (IEC) MOLDEXPO JSC, Chamber of Commerce and Industry of the Republic of Moldova, Technical University of Moldova.

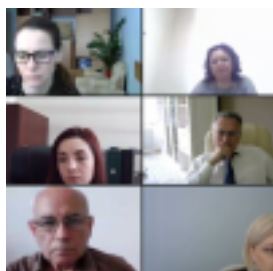

The meeting was chaired by Viorel Iustin, Director General of AGEPI, co-chair of the Organizing Committee.

The activities carried out by AGEPI in order to organize the 17th edition of the ISE “INFOINVENT” were reviewed during the meeting. Also, the Organizing Committee approved the amendment of the Regulation on the Organization and Conduct of “INFOINVENT”, took note of the updating of the List of distinctions and awards in the context of the amendments made in Government Decision No. 291/2000 on the Establishment of the Award of the Government of the Republic of Moldova “Outstanding Inventor”, and accepted the modification of the nominal composition of the Organizing Committee of INFOINVENT. Another topic discussed was the approval of the fee for registration in the Official Catalog and the deadline for submitting the package of documents for participation in the ISE “INFOINVENT”.

The International Specialized Exhibition “INFOINVENT” is a forum of intellectual property, creativity and innovation. The event is organized every two years and aims to promote research, innovation and development of new technologies, attract investment in innovation and technology transfer, develop international technical and scientific cooperation and create partnerships between the academic and business sector.
