The 25th edition of the International Salon of Inventions and Innovative Technologies “Archimedes” will take place in Moscow from 29 to 31March 2022. The event is organized with the support of the Administration of the President of the Russian Federation, the World Intellectual Property Organization, Ministry of Defense of the Russian Federation, Federal Service of Industrial Property (ROSPATENT), Union of Russian Car Manufacturers (SoyuzMash), International Federation of Inventors’ Associations (IFIA) and International Innovation Club “Archimedes”. The event will take place in hybrid format.

The main purpose of organizing and conducting the Salon “Archimedes” is promotion of inventive activities and development of the market for new products and services.

Despite all the difficulties caused by the COVID-19 pandemic, the 2021 edition of the Salon “Archimedes” brought together over 270 participants from 22 countries and 33 regions of the Russian Federation, who presented about 650 inventions and innovative technologies from various domains.

This year’s edition is a jubilee one. Therefore, the event will receive increased attention from mass media representatives, business circles and the scientific and technical community around the world. The works presented at the exhibition will be evaluated by an international commission, and the distinctions include gold, silver and bronze medals, special prizes and diplomas. For the works presented at the Salon, the organizers also established the highest award for inventors - Grand Prix “Golden Archimedes”.

The deadline for registration of the application for participation is March 10, 2022. Go to https://www.archimedes.ru/ [1] to find out more information about the event and how to register.

The State Agency on Intellectual Property (AGEPI) encourages inventors and researchers in the Republic of Moldova to participate in international specialized exhibitions and to use this tool to promote their own innovative projects with maximum efficiency.
