Intellectual property library

We propose to the interested parties various publications, periodicals and serials, published by the State Agency on Intellectual Property (AGEPI), which offer the readers the most different information about the objects of intellectual property protection and inventive activity in the country and the world.

Annual Report 2008 contains conclusive information on patent activity and registration of IP objects, activity in the legal field, promotion of the intellectual property, automation of the information and technology process IP system, organizational structure and internal management, international cooperation, priority actions for the current year etc.

Two of publications AGEPI – **The Official Bulletin of Industrial Property (BOPI)** and **intellectual property journal "INTELLECTUS"** - owning ISSN International Indexes. Supplement of the journal "INTELLECTUS" – "AGEPI INFO" reflects activity in the field of IP, legal news, promotional activities of AGEPI, participating Moldovan scientists, researchers and inventors in the national and international exhibitions, reviews the most interesting materials published in the media.

Also, in the Center for Information and Documentation in the field of IP (IP CID) can be found and other new or updated publications: monographs, brochures, research reports, studies, instructive and didactic literature, etc. Have recently been published or republished:
