

# IP Professional or Green Tech Expert?

Publicize your services for free  
on the WIPO GREEN Roster  
of Service Providers

If you are a green technology expert, IP attorney, or in finance, engineering, or environmental consulting, take advantage of the WIPO GREEN Roster and register your services for free and increase your visibility to the global green technology community.

**It will be launched soon—register now on <http://ow.ly/xkO2H>**

WIPO GREEN is an interactive marketplace that promotes innovation and diffusion of green technologies by connecting technology and service providers with those seeking innovative solutions.

The WIPO GREEN's Roster of Service Providers (ROSP) is an online register of service providers and consultants who can provide technical assistance, advice and consultancy in all areas of green technology transfer and deal-making.

WIPO GREEN is managed in Partnership with organizations from around the world including Asian Development Bank, Climate Technology Centre and Network, International Chamber of Commerce, Japan Intellectual Property Association, LES International, Public Interest Intellectual Property Advisors, Siemens, United Nations Environment Program, UN Global Compact, and many more.
